GRAND RAPIDS, MI – Service Express, a leading onsite data center maintenance service provider, is pleased to again be included in West Michigan's 101 Best and Brightest Companies to Work For seven years running.

Only companies with the highest quality human resources initiatives can be named "[West Michigan's 101 Best and Brightest Companies to Work For](#)." This year's winners practice innovative strategies and represent best practices in human resources in industries as diverse as automotive, insurance, hospitality, communications and nonprofit.
